PRE INSTALLATION MANDATORY CHECKS

• It is always adviced to consult a certified electrician to perform the installation process.
• Ensure the Load capacity & Power requirements of your intended switch matches the technical specifications.
• Ensure you follow all national and local electrical codes for installation.
• **TURN OFF** the mains to make sure no power is running. You may check the same by using an inductive voltage detector.

DESCRIPTION

The 3 Node Module is a combination of Relay & Curtain Control. By Just adjusting the dip/toggle switches, one can easily customize its mode of operation to enable you to control:
• **EITHER** 1, 2 or all 3 of your relay switches **(ON/OFF)**.
• **OR** your curtain/roller shades.

CONFIGURATION TO ZWAVE CONTROLLER

1. Set the controller into **inclusion** mode (Refer Controller's manual for instruction).
2. Press and hold the configuration button for **5 seconds**.
3. The **LED** starts blinking **BLUE.**
4. When the **BLUE** light holds steady, release the button.
5. On successful deletion of the device, the controller sends a confirmation message.

## SPECIFICATIONS

Model Number	HC-IM-3R-ZW-IN (Z-Wave) HC-IM-3R-WI-IN (Wi-Fi)
Power Requirement	AC 110-240V, 50-60Hz.
Dimensions	49.5x50.5x22 mm
Load Rating	Max 300w for resistive loads, 150w for Capacitive loads, 200w for inductive load
Operating Temperature	32°F - 104°F or 0°C - 40°C
Humidity	0-90%
Wireless Range	50m Outdoor - 20m Indoor
Radio Protocol	Available in both Z-Wave & Wi-Fi variants
Radio Signal Power	1m
Radio Frequency	EU - 868.40/869.40 MHz IN - 865.20 MHz BR/AU - 919.80/ 921.40 MHz US - 908.40/ 916/ 908.49 MHz
The Relay	Three
Curtain Control	One

WARRANTY

Hogar Provides Limited Warranty of 18 months on every product
